

# Barter International Maritime Studies (BIMS)

BIMS is a premier training facility. It is the only private organization providing quality maritime education, training and consultancy services in Thailand. Our institute is committed to providing world class maritime education and training to local Thai, and international students from regional countries. BIMS prides itself in providing an international teaching faculty with years of training and sea experience backed by the latest technological training aids such as, Full Mission Ship-handling Simulator, ECDIS & GMDSS Simulators and Engine Room simulators.

Programs offered by BIMS:

- HND Program through Warsash Maritime Academy
- Diploma in Nautical Science COC3 through AMC Australia
- Diploma in Nautical science COC3 through FIT FIJI
- Bridging course for rating to COC3
- GP Rating program
