Free Fall Lifeboat Training Facility

FREE FALL LIFE BOAT TRAINING

The CINEC Maritime Campus employs the very latest of Free Fall Life boats, especially designed for training of seafarers. A fully trained staff conducts training of Boat Coxswains & Boat Crew (passengers) which will become mandatory for them in the near future.

COXSWAINS TRAINING

This is a two day highly interactive practically oriented free fall lifeboat launching & handling course. Recommended for officers as well as Senior Ratings of ships and crews of offshore installations.

PASSENGER TRAINING

This is a one day practical course which emphasizes safety and boarding and launching of free fall lifeboats.
