

IT'S OUR 10TH ANNIVERSARY! AND WE CAN'T CONTAIN THE EXCITEMENT

From humble beginnings we have grown into a 6 billion dollar corporation – one of the largest independent containership owners in the world. The quality of our ships and people outline our success, and the safety of both is our top priority. Across a fleet of 72 ships and 3000 people, our work culture thrives on the exchange of ideas from a diverse mix of nationalities. This makes working at Seaspan an enriching experience for all. We think of ourselves as one large global family. We care for each other and work together to surmount challenges and strive toward our goals. Looking back on our journey over the past 10 years, we have accomplished much of which to be proud. But this is just the beginning.

A LEADING INDEPENDENT CONTAINERSHIP OWNER

Fleet of 72 container vessels | Ships from 2500 TEU to 13100 TEU | Listed on the NYSE | Latest ships with ME engine | Long-term charters with renowned liners | Triple E Level 3 certified
