*This has perhaps been one of the most dangerous stunts ever performed by Bong beauty Nandana Sen, who is doing a cross between Lara Croft and Charlie's Angels in Cape Town in her next unnamed film. The stunner revved up a motorbike and sped from the rooftop of a 30-storey building right on to the adjacent skyscraper!*

*"They said I don't have to do it. But I'm glad I took the leap. It helped me to overcome my vertigo," laughed out Nandana, who did the stunt for a film by debutant director Kuki Gulati.*

*"I knew how to ride a bicycle. So learning to ride a motor bike was not that hard. But it wasn't an easy thing to speed across from one 30-storey building to another. I just flew across one building to another. It was liberating!" she added.*

*"I play an all-action girl in this movie who is an undercover cop. I learnt kick-boxing and to shoot guns for real" said the Bengali beauty.*

*No wonder this lady just qualified herself as your fantasy queen!*
